Postsecondary Electronic Standards Council  
Education Record User Group  
Notes from the August 25, 2009 Conference Call  

It is noted that only three participants called in on last week’s (8/18/09) conference call so the call was canceled after 15 minutes. Those who called in were Barbara Clements, Clare Smith-Larson and Tom Stewart.  

On today’s call were  

Larry Borgione (Oracle)  
Barbara Clements (ESP Solutions Group), Co-Chair  
Lenny Robison (CCCTran)  
Tom Stewart (AACRAO SPEEDE Committee & Miami Dade College in FL - Retired)  

Barbara started the call at 10 minutes after the hour.  

1. **Crosswalks from EDI to XML and vice versa:** Lenny asked why the crosswalks for the College Transcript are for Version 1.0.0 instead of for Version 1.1.0 (the latest). Tom explained that the work on the crosswalks was begun by the AACRAO SPEEDE Committee a couple of years ago when there was only one version. It was just recently completed. To update it to Version 1.1.0 is on the to-do list of the AACRAO SPEEDE Committee. And crosswalks are also needed for the High School Transcript.  

2. **Continued Review of Submission of ERUG Proposal to the PESC CCB:** Tom had drafted up the start of the Excel Workbook (three spreadsheets) that are to be submitted by our workgroup to the PESC Change Control Board to create the next version (1.1.0) of the PESC XML High School Transcript.  

On today’s call, we approved the remaining tabs in the Workbook.  

The updated spreadsheet should be attached with these meeting notes.  

We will continue to update the spreadsheet with future decisions of the ERUG until a decision is made to submit it to the PESC Change Control Board for creation of an updated Version 1.1.0 of the PESC XML High School Transcript.  

3. **Submission of Agenda Items for Future ERUG Calls:** All members of the ERUG are encouraged to submit agenda items that can be discussed on future calls. You can submit the items to Barbara Clements (bcllements@espsg.com) and/or Tuan Anh Do (doey@sfsu.edu).  

4. **Day and Time for Future ERUG Calls:** We discussed the problem of recent lack of participation in our conference calls. We discussed the possibility of a survey of the user group to try to find the best time for future calls. Lenny suggested using the Doodle.com poll service. Tom will look into it and try to create such a poll.
