On today’s call were

Tuan Anh Do (San Francisco State University & Member of AACRAO SPEEDE Committee) - **Co-Chair**
Robin Greene (College Foundation of North Carolina & Member of AACRAO SPEEDE Committee)
Scott Hillman (Docufide, Inc.)
Anne Johnston (Edustructures/Pearson)
Michael Morris (ACT, Inc.)
Clare Smith-Larson (Iowa State University & Member of AACRAO SPEEDE Committee)
Tom Stewart (Miami Dade College in FL - Retired & Member of AACRAO SPEEDE Committee)

Tuan started the call at 5 minutes after the hour.

1. **New XML College Transcript Version:** We agreed to request that PESC release a new version (1.2.0) of the College Transcript. Among the changes from Version 1.1.0 would be
   a. Choice of new or old Race and Ethnicity codes
   b. Choice of new or old Test and Subtest codes (including IELTS test)
   c. New Accreditation info in Transmission Data
   d. New version of Agency Identifier for Student

2. **Tests and Subtests:** Last week, Michael Morris volunteered to take another look at the way SIF identifies its tests and subtests to see if we might utilize the same technique. Michael has now posted a document on AirSet under Current Documents and we can discuss it next week.

3. **Identification of Instructor on HS Transcript:** Last week we discussed this and agreed that we can use the “CourseSectionNumber” field. Tom will attempt to make a comment about this new use in the PESC XML HS Transcript Version 1.1.0 Implementation Guide.
4. **AcademicSummaryType and NonCumulative**: On today’s call we continued last week’s discussion on the addition of a new enumerated value “NonCumulative”. This week we agreed to this. Tom will also make a comment in the Implementation Guide that all other enumerated values, except for “All” and “Cumulative”, also assume the condition of “NonCumulative”.

5. **Status of PESC XML HS Transcript Version 1.1.0**: The PESC Change Control Board approved all the changes requested by ERUG prior to the PESC Summit meeting in Washington, DC. The modifications to the Transcript schema, Core Main 1.8.0 and Academic Record Sector Library 1.5.0 have been made. Tom is now working on a new version of the Implementation Guide and hopes to have it ready for ERUG review by the end of the week. After that review, all suggested changes will be made and then it will be posted as an official release on PESC.org.

6. **PESC XML Data Element “AcademicProgramType” and EDI FOS01**: An issue was raised at the ERUG meeting at the PESC Summit in DC to make these two data elements more compatible. Tom will work on this.

The call ended at 34 minutes after the hour.
