1. **Expanding the Scope of ERUG:** It appears that Michael Sessa has acknowledged that ERUG is responsible for maintaining all approved XML schemas and EDI transaction sets in the student education records area. However, Tuan noted that he and Barbara still need to update an item on the PESC web site to confirm this.

2. **Assessment Used by SEAs:** Michael Morris reminded us that we have deferred discussion on this item until Barbara Clements joins the next call.

3. **Academic Program Type to XML College Schema:** Tom will research this item and discuss it on the next call.

4. **Excel Document for the XML High School Transcript:** Scott Hillman has created an Excel representation of the schema and offered to make it available to ERUG. We agreed that it could prove quite useful for those who don’t have access to an XML software program such as XML Spy. The group is requesting that he send it to Tuan who can post it on Air Set.

The call ended at 15 minutes after the hour.

No call next week which is Dr. Martin Luther King, Jr.’s Birthday holiday for many.
