On today’s call were

**Tuan Anh Do**, Assistant Director, Systems Support Group, Undergraduate Admissions, San Francisco State University (CA), Chair of AACRAO SPEEDE Committee, and **Co-Chair of ERUG**

**Bob Hewett**, Principal Software Engineer, Data Solutions, Pearson, and **Co-Chair of ERUG**

**Tom Stewart**, Miami Dade College (FL) - Retired, & Member of AACRAO SPEEDE Committee

Tuan started the call at 4 minutes after the hour.

**PESC XML High School Transcript:** Bob received a request for two changes to the schema from users in Wyoming.

First, a request was made to add a new enumerated value (“HalfDayKindergarten”) to the simple data element “StudentLevelCode”. This would allow the sender of the transcript to indicate that a student is currently enrolled for only a half day in the kindergarten program, as opposed to the normal full day enrollment in the program.

We approved this request and Tom will add it to the changes to be sent to the PESC Change Control Board.

Second, a request was made to be able to indicate that a student took a test, such as the ACT, but only took two of the four parts of the test. Currently, a subtest cannot be included unless a subtest score is also included.

Tuan suggested that this could be accomplished by sending the two subtests that have scores, and then including a note that the student opted out of taking the remaining subtests. This note would be the “NoteMessage” that is child to Student.Tests and would be included with one of the subtests for which there are scores.

Bob will contact the requestor from Wyoming to see if this will be a satisfactory solution.

Today’s call ended at 29 minutes after the hour.
PESC ERUG Conference Call Notes for March 1, 2011

Next Conference Call is Tuesday, March 8, 2011 (Mardi Gras Day) at noon Eastern (11 am Central, 10 am Mountain, and 9 am Pacific) Standard Time. Call 866.352.3799; Meeting Number *7696363*.

Next face to face meeting of ERUG: PESC Spring Data Summit April 26-27, 2011 in Boston at the Westin Copley Square Hotel. ERUG is scheduled for two sessions on Tuesday afternoon. For additional details, see PESC web site at http://www.pesc.org/interior.php?page_id=211.
