On today’s call were

**Bob Hewett**, Principal Software Engineer, Data Solutions, Pearson, and **Co-Chair of ERUG**

**Scott Hillman**, VP, Operations & Customer Services, Parchment

**Clare Smith-Larson**, Retired Project Easier/SPEEDE Coordinator, Iowa State University

**Tom Stewart**, Retired Registrar, Miami Dade College (FL) and Member of the AACRAO SPEEDE Committee

**Romy Teh**, VP, Program Management & Client Services, Xap Corporation

Bob started the call at 3 minutes after the hour.

**Student Level Code**: Tom mentioned that folks from North Carolina and Ontario are talking about requesting a new enumerated value for this data element to identify high school students who complete a year of college level work before graduating from high school. The value might be “Grade13”. Tom will try to get a formal request from them to present on our next call.

In addition, Scott noted that there is also interest in Kansas for a new value to identify students who are not seeking a high school diploma. One suggestion might be a value of “NonGraded”.

And Tom also asked if there is a need to update the somewhat similar data element “AcademicSummaryLevel”.

**Time Schedule for Release of New Schema Versions**: Since ERUG has recently approved changes affecting both the High School and College Transcript schemas, the discussion on today’s call dealt with the time line for releasing new versions.

It was agreed to postpone the request to the PESC Change Control Board (CCB) until after the next call to see if we can deal with the item of grade level and include that in the next release.

Today’s call ended at 25 minutes after the hour.
Next ERUG Conference Call is Tuesday, February 7, 2012 at noon Eastern (11 am Central, 10 am Mountain, and 9 am Pacific) Standard Time. Call 888.205.5513 and use participant code 952016#.

Next Face to Face Meeting of ERUG: PESC Spring 2012 Data Summit May 2-4, 2012 in Las Vegas at the Wynn | Encore Hotel.
