On today’s call were

**Bob Hewett**, Principal Software Engineer, Data Solutions, Pearson, and **Co-Chair of ERUG**

**Robin Greene**, Senior Associate Director for Technology, College Foundation of North Carolina, and Chair-Elect of the AACRAO SPEEDE Committee

**Scott Hillman**, VP, Operations & Customer Services, Parchment

**Clare Smith-Larson**, Retired Project Easier/SPEEDE Coordinator, Iowa State University and PESC Consultant to the Common Education Data Standards Project

**Tom Stewart**, Retired Registrar, Miami Dade College (FL) and Member of the AACRAO SPEEDE Committee

**Romy Teh**, VP, Program Management & Client Services, Xap Corporation

Bob started the call at 4 minutes after the hour.

**Student Level Code**: Robin Greene requested that a new enumerated value of “Grade13” be added to this simple data element. Scott Hillman suggested that a value of “Nongraded” be added, as well, since he was aware of a need for it in Kansas. And this request was endorsed by Doug Holmes from the Ontario Universities Application Centre (OUAC). This data element occurs in both the high school and the college XML transcripts.

This request was approved on today’s call.

**Academic Summary Level**: It was also agreed to add the same two enumerated values to this data element.

**Course Credit Level**: It was also agreed to add the enumerated value of “Grade13” to this data element on today’s call.

**Request for New Versions of the High School and the College Transcript schemas**: Tom will wait until after the next call to submit the above requests for additional enumerated values. Tom will then create a request for these changes and a new version of the two PESC XML Transcript schemas and submit them to the PESC Change Control Board for approval.
Crosswalk from PESC XML College Transcript Version 1.3 to EDI TS130: Tom apologized for omitting this item in the notes from last week’s call. On that call Romy and Scott agreed to review the Excel document that provides the rules for the crosswalk. It was distributed to the ERUG list of members prior to last week’s call.

This will be an agenda item for the next call.

Today’s call ended at 21 minutes after the hour.

Next ERUG Conference Call is Tuesday, February 21, 2012 at noon Eastern (11 am Central, 10 am Mountain, and 9 am Pacific) Standard Time. Call 888.205.5513 and use participant code 952016#.

Next Face to Face Meeting of ERUG: PESC Spring 2012 Data Summit May 2-4, 2012 in Las Vegas at the Wynn | Encore Hotel.
