On today’s call were

**Bob Hewett**, Principal Software Engineer, Data Solutions, Pearson, and **Co-Chair of ERUG**

**Tom Stewart**, Retired Registrar, Miami Dade College (FL) and Member of the AACRAO SPEEDE Committee

**Romy Teh**, VP, Program Management & Client Services, Xap Corporation

Bob started the call at 6 minutes after the hour.

**Schema Updates for XML High School and College Transcripts**: Tom had prepared five requests to modify these two existing schemas that will be submitted to the PESC Change Control Board. These had previously been approved by ERUG. However, Tom had a question about one of these.

There are two data elements in the Common Education Data Standards (CEDS) inventory related to Cohort Year.

One is **Cohort Graduation Year** defined as “The year the cohort graduated with a regular high school diploma.”

The other is **Cohort Year** defined as “The school year in which the student entered the baseline group used for computing completion rates (e.g., high school, program).”

Since this request was originated by Scott Hillman of Parchment, we decided to defer submission of the request about Cohort until Scott has a chance to respond and choose which of the two data elements to use.

**Crosswalk from PESC XML College Transcript Version 1.3 to EDI TS130**: Romy reported that his team is still reviewing the crosswalk and this will be deferred until the next ERUG call.

**Future ERUG Calls**: Bob advised the group that he now has frequent conflicts with the scheduled time for ERUG calls. Unless we decide to change the days and/or time of future ERUG calls, he will probably have to miss half of the weekly calls. We agreed to try a call next week and then perhaps change ERUG calls to every other week, or twice a month.
PESC ERUG Conference Call Notes for February 28, 2012

Today’s call ended at 22 minutes after the hour.

Next ERUG Conference Call is Tuesday, March 6, 2012 at noon Eastern (11 am Central, 10 am Mountain, and 9 am Pacific) Standard Time. Call 888.205.5513 and use participant code 952016#.

Next Face to Face Meeting of ERUG: PESC Spring 2012 Data Summit May 2-4, 2012 in Las Vegas at the Wynn | Encore Hotel.
