On today’s call were

Bob Hewett, Principal Software Engineer, Data Solutions, Pearson, and Co-Chair of ERUG

Clare Smith-Larson, Retired Project Easier/SPEEDE Coordinator and PESC Consultant to CEDS

Tom Stewart, Retired Registrar, Miami Dade College (FL) and Member of the AACRAO SPEEDE Committee

Romy Teh, VP, Program Management & Client Services, Xap Corporation

Bob started the call at 4 minutes after the hour.

Schema Updates for XML High School and College Transcripts: Tom submitted the changes previously approved by ERUG to the PESC Change Control Board (CCB). All of these changes were approved by the CCB. The one new optional simple data element (CohortGraduationYear) was approved to be added as child to Student.AcademicRecord.

Crosswalk from PESC XML College Transcript Version 1.3 to EDI TS130: Romy reported that his team is postponing the review of the crosswalk due to other priorities. The group on today’s call agreed to post the crosswalk on the PESC.org web site and encourage anyone reviewing it or using it to report any discrepancies they find back to ERUG.

CourseSCEDCode: ERUG received a request from SunGard (aka Datatel + SGHE) to modify the two PESC XML Transcript schemas to add a new choice data element as child to “Course” that would be the first five digits of the SCED Code that identifies and/or describes the content of a high school course. We approved the request and Tom will ask the PESC CCB to approve the request for a new choice data element called “CourseFiveDigitSCEDCode”.

Today’s call ended at 33 minutes after the hour.

Next ERUG Conference Call is Tuesday, March 27, 2012 at noon Eastern (11 am Central, 10 am Mountain, and 9 am Pacific) Daylight Saving Time. Call 888.205.5513 and use participant code 952016#.

Next Face to Face Meeting of ERUG: PESC Spring 2012 Data Summit May 2-4, 2012 in Las Vegas at the Wynn | Encore Hotel.
