Minutes: Morris

Meeting Summary:

? The major part of the hour was spent discussing PersonType as it appears in the Academic Record Sector Library and the CoreMain library. Each top level element was reviewed and the elements to be included in the Test Score Reporting standard were determined.

New Issues:

? None

New Action Items:

? Michael will investigate the implications of making ID a repeating structure identified by a type (e.g., SSN, NSN, etc.). It could create a problems with coremain simple types.

Decisions:

? The following elements will be included under the Person Element:
  o Birth
  o Name
  o AlternateName
  o Contacts
  o Gender
  o RaceEthnicity
  o Residency

? The following information will be included but we need to investigate how it will be structured. Each may be an individual element or part of a repeating ID Structure:
  o SchoolAssignedPersonID
  o SIN
  o NSN
  o AgencyAssignedID
  o RecipientAssignedID
  o SSN

The meeting was adjourned: at 4:00 EST.
Upcoming Meeting Times:
February 20, 27
March 6, 13, 20, 27

Respectfully Submitted,

Michael D. Morris
